PROFESSIONAL SUMMARY

Aspiring Data Analyst and Web Developer with hands-on experience in building full-stack applications using MERN stack and deriving insights from data using Python and SQL. Passionate about solving real-world problems with data and scalable technology.

TECHNICAL SKILLS

**Languages:** Python, C, SQL, JavaScript, HTML, CSS  
**Libraries/Tools:** Pandas, NumPy, Matplotlib, Seaborn, Excel, Power BI, Tableau, Git, GitHub  
**Other Skills:** Data Cleaning, Data Visualization  
**AI Tools:** ChatGPT, DeepSeek, Claude 3.5

EXPERIENCE

**Data Analytics Trainee | WsCube Tech** Sep 2024 – Jan 2025  
- Performed EDA, data transformation, and dashboard creation using Power BI and Tableau.  
- Wrote SQL queries for complex joins and aggregations on large datasets.  
**Intern | Cognifyz Technologies** Feb 2025 – Mar 2025  
- Analyzed restaurant dataset using Pandas, GeoPandas, Folium.  
- Created heatmaps, visual trends, and online delivery adoption insights.

PROJECTS

**Hospital ER Dashboard | Power BI** 2024  
- Analyzed emergency room data to improve operational efficiency.  
- Built KPIs and dashboards for administrative decision-making.  
**Pizza Sales Analysis | MySQL, Python** 2024  
- Performed SQL-based data analysis and Python visualizations on sales data.  
- Derived insights on customer trends, peak hours, and menu optimization.  
**Titanic Dashboard | HTML, CSS, JS** 2024  
- Built a dynamic dashboard to visualize survival trends in Titanic dataset.  
- Used JS to render charts with filtering options.

CERTIFICATIONS

5-STAR MySQL | HackerRank  
4-STAR Python | HackerRank  
Data Analytics – WsCube Tech (2025)

EDUCATION

**Lachoo Memorial College of Science & Technology** Jodhpur  
*B.Sc. (Physics, Mathematics, Electronics)* Graduated  
**Om Vidhya Mandir Sr. Sec. School** Jodhpur  
*Higher Secondary (PCM)* Graduated
